The Fifth National Mental Health and Suicide Prevention Plan Implementation Plan

Action	Action description	Roles	Milestone date	Coordination point
Governance				
i	Governments will establish a Mental Health Expert Advisory Group that will advise AHMAC, through MHDAPC, on the implementation of the Fifth Plan and analyse progress.	 MHDAPC will lead the joint development of Terms of Reference and membership for the Expert Advisory Group and establish a meeting schedule. Governments will agree on cost-shared funding arrangements. 	December 2017 First meeting before June 2018	MHDAPC
ii	Governments will establish a Suicide Prevention Subcommittee that will report to MHDAPC on priorities for planning and investment.	 MHDAPC will lead the joint development of Terms of Reference and membership for the Suicide Prevention Subcommittee and establish a meeting schedule. Governments will agree on cost-shared funding arrangements. Refer to Action 3 for further information on implementation approach. 	First meeting mid-2018	MHDAPC
iii	Governments will establish an Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee that will report to MHDAPC on priorities for planning and investment.	 MHDAPC will lead the joint development of Terms of Reference and membership for the Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee and establish a meeting schedule. Governments will agree on cost-shared funding arrangements. The Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee will include representatives from existing Aboriginal and Torres Strait Islander AHMAC subcommittees, as appropriate. Action 11 provides further information on the requirements for the Terms of Reference. 	First meeting mid-2018	MHDAPC
iv	Governments will renew the National Mental Health Policy. This review will begin in 2018 and be completed during the life of the Plan. It will be completed with sufficient time to inform development of any future National Mental Health and Suicide Prevention Plans under the Strategy.	 MHDAPC will undertake a review of the Policy. Secretariat support provided by the Commonwealth. The Expert Advisory Group will provide advice to MHDAPC on renewal of the National Mental Health Policy. 	Commence January 2018 Completed December 2020	AHMAC

Action	Action description	Roles	Milestone date	Coordination point
Measurin	ng and reporting on change			
V	Governments will request the National Mental Health Commission (NMHC) delivers an annual report, for presentation to Health Ministers, on the implementation progress of the Fifth Plan and performance against identified indicators once the baselines have been established. These indicators will be disaggregated by Aboriginal and Torres Strait Islander status where possible.	 The Commonwealth will negotiate this activity with NMHC. The NMHC will consult with jurisdictions on agreed data and reporting processes. The Commonwealth will contribute Commonwealth data and information to the NMHC to facilitate the NMHC monitoring and reporting role. States and territories to participate in consultations with NMHC and agree to contribute data and information to the NMHC to fulfil the agreed monitoring and reporting role. MHISSC to work with NMHC to identify data sources and indicator specifications for agreed indicators, and to advise on processes for coordinating data submissions to the agreed reporting authority (NMHC) where data are available. 	Negotiations commence January 2018 and implementation will be ongoing	MHDAPC
vi	Governments will evaluate the Fifth Plan, commencing in the final year of the Plan, to inform future directions in mental health policy. This evaluation will be principally informed by annual reporting on the Fifth Plan and targeted stakeholder consultation with governments, consumers and carers and the mental health sector.	 The Commonwealth will commission an independent evaluation of the Fifth Plan, including development of an evaluation plan that will be cleared through MHISSC. The Commonwealth contracted provider will be required to consult with MHISSC, SQPSC and NMHC and other key stakeholders on the development of an evaluation plan. Development of evaluation plan to precede commencement of evaluation in the final year of the Plan. 	Evaluation plan agreed December 2018 Evaluation completed June 2022	AHMAC
vii	Governments will develop a longer term strategy for information and indicator development. This strategy will be published as a Third Edition of the National Mental Health Information Development Priorities. It will include the identification of information development priorities and the development of additional national reform and system performance measures in consultation with consumers and carers and other key stakeholders.	Refer to Action 24 for implementation approach.	Published by December 2018	MHISSC

Action	Action description	Roles	Milestone date	Coordination point
Priority Are	ea 1: Achieving integrated regional planning and service delivery			
1	Governments will support integrated planning and service delivery at the regional level by:			
1.1	requiring development and public release of joint regional mental health and suicide prevention plans	 The Commonwealth will direct PHNs to jointly develop regional plans with LHNs and direct to publicly release draft plans for public comment. States/territories will direct LHNs (or equivalent) to jointly develop regional plans with PHNs for public release. The NMHC will include information on the status of joint plans as part of its annual reporting on the Fifth Plan. 	Progressively from December 2017	MHDAPC
1.2	providing guidance for the development of joint regional mental health and suicide prevention plans	 Governments will jointly develop and release guidance material for a single regional plan that will cover scope, timeframes, governance arrangements, consultation processes, and requirements for government endorsement. 	Completed mid-2018	MHDAPC
1.3	developing a plan for ongoing development, refinement and application of the National Mental Health Service Planning Framework (NMHSPF)	 Governments will agree on the process for the ongoing refinement, application and resourcing of the NMHSPF. The Commonwealth will manage contractual arrangements with an expert provider for ongoing development of the NMHSPF. 	December 2017	NMHSPF Steering Committee
1.4	developing and releasing planning tools based on the NMHSPF and an evidence-based stepped care model	 Governments will agree on licensing arrangements/agreements. The Commonwealth will issue licences to authorised users of the NMHSPF. The Commonwealth will release the planning tools and support materials and lead the provision of training to be provided by the Commonwealth-contracted expert provider. 	Progressively to June 2018	NMHSPF Steering Committee
1.5	making available key national data to inform regional level understanding of service gaps, duplication and areas of highest need.	 Governments will contribute relevant data for the development of regional data. The Commonwealth will use existing funding arrangements with the AIHW to facilitate this action. Steering and coordination of the development of regional data reporting will occur through MHISSC. 	Completed June 2018	MHISSC

Action	Action description	Roles	Milestone date	Coordination point
2	Governments will work with PHNs and LHNs to implement integrated planning and service delivery at the regional level. This will include:			
2.1	utilising existing agreements between the Commonwealth and individual state and territory governments for regional governance and planning arrangements	 The Commonwealth will use existing agreements (such as bilateral agreements and other existing agreements, including National Partnership Agreements or MOUs) with state and territory governments to facilitate a coordinated approach to regional planning and service delivery. 	Commencing early 2018	АНМАС
2.2	engaging with the local community, including consumers and carers, community managed organisations, ACCHS, NDIS providers, the NDIA, private providers and social service agencies	 PHNs and LHNs will work collaboratively to engage regional stakeholders in the regional planning and service delivery process. 	Commencing early 2018	АНМАС
		 Governments will strengthen existing partnerships with stakeholders to engage with the local community. 		
		 The Expert Advisory Group will provide advice to governments on strategies to maximise engagement. 		
2.3	undertaking joint regional mental health needs assessment to identify gaps, duplication and inefficiencies to make better use of existing resources and improve sustainability	 PHNs and LHNs will work towards data sharing to map regional service provision and identify areas of duplication, inefficiency and service gaps. 	Progressively from June 2018	MHDAPC
		 PHNs and LHNs will utilise the NHMSPF and other planning tools to facilitate regional needs assessment and planning. 		
2.4	examining innovative funding models, such as joint commissioning of services and fund pooling for packages of care and support, to create the right incentives to focus on prevention, early intervention and recovery	 PHNs and LHNs will explore opportunities for resource sharing and other innovative use of available funds to improve efficiencies, remove duplication and improve outcomes. 	Commencing mid-2020	MHDAPC
2.5	developing joint, single regional mental health and suicide prevention plans and commissioning services according to those plans	 PHNs and LHNs will jointly develop comprehensive regional mental health and suicide prevention plans. These plans should cover the lifespan from children through young adults to older people. 	Commencing late 2017 Completed mid-2020	MHDAPC
		 PHNs and LHNs will use these plans to progressively guide service development and commissioning. 		
2.6	identifying and harnessing opportunities for digital mental health to improve integration	 Regional plans developed by PHNs and LHNs will make best use of existing and emerging technology and digital mental health services within an integrated, stepped care approach. 	Commencing 2017 Completed mid-2020	MHDAPC
		 Refer to Action 32 for information on implementation of a National Digital Mental Health Framework. 		

Action	Action description	Roles	Milestone date	Coordination point
2.7	developing region-wide multi-agency agreements, shared care pathways, triage protocols and information-sharing protocols to improve integration and assist consumers and carers to navigate the system	 PHNs and LHNs will work towards integrating existing bilateral agreements (such as COAG agreements and new Health Reform Agreements) and broadening these to be regional in coverage. The new agreements will be developed to ensure engagement of all relevant service providers. The Expert Advisory Group will provide advice to MHDAPC on mechanisms to improve integration, including best practice approaches to shared care, triage and information sharing. 	Mid-2021	MHDAPC
2.8	developing shared clinical governance mechanisms to allow for agreed care pathways, referral mechanisms, quality processes and review of adverse events.	PHNs and LHNs will jointly develop shared clinical governance mechanisms to ensure service pathways established and services commissioned across the system are clinically appropriate.	Mid-2021	MHDAPC
Priority Are	a 2: Suicide prevention			
3	Governments will establish a new Suicide Prevention Subcommittee of MHDAPC, as identified in the Governance Section of this Plan, to set future directions for planning and investment.	 MHDAPC will establish the Suicide Prevention Subcommittee to lead the joint development of Terms of Reference and membership, followed by the development of a Project Plan. The Terms of Reference will include, but will not be limited to: defining scope, establishing timeframes, outlining governance arrangements and developing a consultation strategy. 	December 2017 First meeting early 2018	MHDAPC
4	Governments will, through the Suicide Prevention Subcommittee of MHDAPC, develop a National Suicide Prevention Implementation Strategy that operationalises the 11 elements above taking into account existing strategies, plans and activities with a priority focus on: • the consistent and timely provision of follow-up care for people who have attempted suicide or are at risk of suicide, including agreeing on clear roles and responsibilities for providers across the service system • timely follow up support available to people affected by suicide • improving cultural safety across all service settings • improving relationships between providers, including emergency services • improved data collections and combined evaluation efforts in order to build the evidence-base on 'what works' in relation to preventing suicide and suicide attempts.	MHDAPC, through the Suicide Prevention Subcommittee, will lead the development of the National Suicide Prevention Implementation Strategy. The Strategy will include a focus on Aboriginal and Torres Strait Islander suicide prevention and will include releasing a version for public consultation to ensure stakeholder input.	Commence 2018 Release of strategy for public consultation by mid-2019 Release of final strategy by 2020	MHDAPC

Action	Action description	Roles	Milestone date	Coordination point
5	 Governments will support PHNs and LHNs to develop integrated, whole-of-community approaches to suicide prevention. This will include engaging with local communities to develop suicide prevention actions as part of a joint regional mental health and suicide prevention plan. These regional plans will be consistent with the 11 elements above and informed by the National Suicide Prevention Implementation Strategy as it is developed. At a regional level, PHNs and LHNs will work together to map providers across the service system, develop stronger referral pathways and build community knowledge of the range of available services and how to access them. 	 The Commonwealth will direct PHNs and states/territories will direct LHNs to jointly develop suicide prevention approaches as a discrete component of Actions 1.1 and Action 10. Governments will jointly develop and provide guidance to PHNs and LHNs on regional approaches to suicide prevention, informed by the systems-based approach outlined in the WHO's Preventing suicide: A global imperative. 	Commence 2019 and ongoing	MHDAPC
	ea 3: Coordinating treatment and supports e with severe and complex mental illness			
6	Governments will negotiate agreements that prioritise coordinated treatment and supports for people with severe and complex mental illness. This will include planning for the community mental health support needs of people who do not qualify to receive supports under the NDIS, including fulfilment of agreed continuity of support provisions and ensuring any mainstream capacity is not lost for the broader population as a result of transition to the NDIS.	 The Commonwealth negotiation of agreement/s with states and territories for psychosocial support services. States and territories will negotiate agreement with Commonwealth for psychosocial support services. 	Commence in 2017 Finalised by the end of 2018	
7	Governments will require PHNs and LHNs to prioritise coordinated treatment and supports for people with severe and complex mental illness at the regional level and reflect this in regional planning and service delivery.	 The Commonwealth will direct PHNs to plan and commission services for people with severe and complex mental illness through PHN funding agreements. Governments will use joint guidance material on regional plans (Refer to Action 1.2) to outline their expectations of PHNs and LHNs for coordinated treatment and supports for people with severe and complex mental illness. This will include specific consideration of the requirements of children and adolescents with or at risk of severe mental illnesses. 	Completed mid-2018	
8	 Governments will establish a time-limited Mental Health Expert Advisory Group, as identified in the Governance Section of this Plan, that will: advise on the implementation of the Fifth Plan and analyse progress where requested by AHMAC, provide advice on broader mental health policy issues, which may include cross-portfolio consideration of issues that may arise from the implementation of mental health reforms and the NDIS for people with severe and complex mental illness and opportunities to harmonise data collection strategies. 	 Refer to Action I in Governance section for implementation roles. The Expert Advisory Group will be reviewed by MHDAPC prior to expiration of the Fifth Plan. 	2019 Commence late 2021	

service integration

governance structures.

Islander leadership on local mental health service and related area service

• ensuring that there is strong presence of Aboriginal and Torres Strait

15

Action	Action description	Roles	Milestone date	Coordination point
9	Governments will develop, implement and monitor national guidelines to improve coordination of treatment and supports for people with severe and complex mental illness.	The Commonwealth will lead the joint development of national guidelines to be endorsed by AHMAC. This will include consultation with the social services sector.	Commence in 2018 Release in 2020	
	 Clarify roles and responsibilities across the health and community support service sectors be consistent with the COAG Mainstream Interface Principles (which determine the responsibilities of the NDIS and other service providers) specify criteria to guide targeting service delivery to consumers, including identifying pathways for culturally competent services promote the roles of multi-agency care plans, care pathways and information sharing protocols identify opportunities for the use of digital mental health and electronic health records in coordinating care highlight the role of data in supporting these activities. 	The Commonwealth to undertake a targeted consultation process will be undertaken to inform the development of the guidelines.		
	Area 4: Improving Aboriginal and Torres Strait mental health and suicide prevention			
10	Governments will work with PHNs and LHNs to implement integrated planning and service delivery for Aboriginal and Torres Strait Islander peoples at the regional level. This will include: • engaging Aboriginal and Torres Strait Islander communities in the co-design of all	 Guidance developed by governments for PHNs and LHNs on joint regional plans (Refer Action 1.2) will outline expectations regarding integrated planning and service delivery for Aboriginal and Torres Strait Islander peoples, including: 	Commence mid-2018	MHDAPC
	 engaging Aboriginal and Torres Strait Islander communities in the co-design of all aspects of regional planning and service delivery collaborating with service providers regionally to improve referral pathways between GPs, ACCHS, social and emotional wellbeing services, alcohol and other drug services, and mental health services, including improving opportunities for screening of mental and physical wellbeing at all points; connect culturally informed suicide prevention and postvention services locally and identify programs and services that support survivors of the Stolen Generation 	 expectations for involvement of ACCHS and Aboriginal and Torres Strait Islander communities; engagement of Aboriginal and Torres Strait Islander helpers and peer workers; operationalising the Cultural Respect Framework for Aboriginal and Torres Strait Islander Health 2016-2026 within regional mental health service systems; and 		
	 developing mechanisms and agreements that enable shared patient information, with informed consent, as a key enabler of care coordination and 	- governance structures and mechanisms being inclusive of Aboriginal and Torres Strait Islander		

perspective.

Action	Action description	Roles	Milestone date	Coordination point
11	Governments will establish an Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee of MHDAPC, as identified in the Governance Section of this Plan, that will set future directions for planning and investment and:	Refer to Action iii in Governance section for information on the implementation approach.	Refer to Action III	MHDAPC
	 provide advice to support the development of a nationally agreed approach to suicide prevention for Aboriginal and Torres Strait Islander peoples for inclusion in the National Suicide Prevention Implementation Strategy; 			
	 provide advice on models for co-located or flexible service arrangements that promote social and emotional wellbeing incorporating factors including a person's connection to country, spirituality, ancestry, kinship, and community 			
	 identify innovative strategies, such as the use of care navigators and single care plans, to improve service integration, support continuity of care across health service settings and connect Aboriginal and Torres Strait Islander peoples with community based social support (non-health) services 			
	 provide advice on suitable governance for services and the most appropriate distribution of roles and responsibilities, recognising that the right of Aboriginal and Torres Strait Islander communities to self-determination lies at the heart of community control in the provision of health services 			
	 overseeing the development, dissemination and promotion in community, hospital and custodial settings of resources that articulate a model of culturally competent Aboriginal and Torres Strait Islander mental health care across the healthcare continuum and brings together (a) the holistic concept of social and emotional wellbeing and (b) mainstream notions of stepped care, trauma- informed care and recovery-oriented practice 			
	 provide advice on workforce development initiatives that can grow and support an Aboriginal and Torres Strait Islander mental health workforce, incorporates Aboriginal and Torres Strait Islander staff into multidisciplinary teams, and improves access to cultural healers 			
	 provide advice on models of service delivery that embed cultural capability into all aspects of clinical care and implements the Cultural Respect Framework for Aboriginal and Torres Strait Islander Health 2016-2026 in mental health services 			
	 provide advice on culturally appropriate digital service delivery, and strategies to assist Aboriginal and Torres Strait Islander peoples to register for My Health Record and understand the benefits of shared data. 			
12	Governments will improve Aboriginal and Torres Strait Islander access to, and experience with, mental health and wellbeing services in collaboration with ACCHS and other service providers by:			
12.1	developing and distributing a compendium of resources that includes (a) best practice examples of effective Aboriginal and Torres Strait Islander mental health care, (b) culturally safe and appropriate education materials and resources to support self-management of mental illness and enhance mental health literacy and (c) culturally appropriate clinical tools and resources to facilitate effective assessment and to improve service experiences and outcomes	 The Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee will develop and distribute sector resources. The subcommittee will be required to consult widely on the development and distribution of this compendium to ensure strong sector engagement. This role for the Subcommittee will be articulated in its 	Commence 2018 Completed 2020	MHDAPC
		Terms of Reference (Refer to Action iii).		

Action	Action description	Roles	Milestone date	Coordination point
12.2	increasing knowledge of social and emotional wellbeing concepts, improving the cultural competence and capability of mainstream providers, and promoting the use of culturally appropriate assessment and care planning tools and guidelines	 The Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee will develop joint guidance for mental health providers to increase knowledge and improve cultural competence. 	Commence 2018 and ongoing	MHDAPC
		 This guidance will articulate government expectations for funded service providers and provide practical advice based on existing agreed policy documents, including the National Strategic Framework for Aboriginal and Torres Strait Islander People's Mental Health and Social and Emotional Wellbeing 2017-2023, the Cultural Respect Framework for Aboriginal and Torres Strait Islander Health 2016-2026 and the Implementation Plan for the National Aboriginal and Torres Strait Islander Health Plan 2013-2023 and relevant state/territory strategies. 		
12.3	recognising and promoting the importance of Aboriginal and Torres Strait Islander leadership and supporting implementation of the Gayaa Dhuwi (Proud Spirit) Declaration	 The Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee will provide advice to MHDAPC on practical strategies to improve Aboriginal and Torres Strait Islander leadership. 	Commence 2018 and ongoing	MHDAPC
		This role for the Subcommittee will be articulated in its Terms of Reference (Refer to Action iii).		
12.4	training all staff delivering mental health services to Aboriginal and Torres Strait Islander peoples, particularly those in forensic settings, in trauma-informed care that incorporates historical, cultural and contemporary experiences of trauma.	 Informed by advice from the Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee, all governments will ensure training in trauma-informed care is provided to all staff in their mental health services. 	Commence 2018 and ongoing	MHDAPC
		 All governments will put in place strategies for delivering training in trauma-informed care to providers of mental health services to Aboriginal and Torres Strait Islander peoples. 		
13	Governments will strengthen the evidence base needed to improve mental health services and outcomes for Aboriginal and Torres Strait Islander peoples through:			
13.1	establishing a clearinghouse of resources, tools and program evaluations for all settings to support the development of culturally safe models of service delivery, including the use of cultural healing and trauma-informed care	 Utilising AIHW's Close the Gap Clearinghouse, the Commonwealth will commission the establishment of a clearinghouse of resources, tools and program evaluations. 	Commence 2018 and ongoing	MHDAPC
		 MHDAPC will request the Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee to advise on implementation of this action. 		
		 This role for the Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee will be articulated in its Terms of Reference (Refer to Action iii). 		

Action	Action description	Roles	Milestone date	Coordination point
13.2	ensuring that all mental health services work to improve the quality of identification of Indigenous people in their information systems through the use of appropriate standards and business processes	 MHISSC will develop strategies for ongoing testing and reporting on the accuracy of identification of Aboriginal and Torres Strait Islander people within key national mental health data collections. 	Commence 2018 Completed 2021	MHISSC
13.3	ensuring future investments are properly evaluated to inform what works	 All governments commit to embedding appropriate evaluation of their respective investments in mental health initiatives for Aboriginal and Torres Strait Islander peoples and report annually on achievement of this requirement through MHDAPC. 	From 2017 and ongoing	MHDAPC
		 The Aboriginal and Torres Strait Islander Mental Health and Suicide Prevention Subcommittee will provide advice on how to best embed evaluation of government investment into program design. 		
13.4	reviewing existing datasets across all settings for improved data collection on the mental health and wellbeing of, and the prevalence of mental illness in, Aboriginal and Torres Strait Islander peoples	 MHISSC will work with stakeholders to ensure that the development and construction of mental health performance indicators include the capacity to disaggregate by Indigenous status where ever possible. 	Commencing 2018 and ongoing	MHISSC
13.5	utilising available health services data and enhancing those collections to improve services for Aboriginal and Torres Strait Islander peoples.	 MHISSC will work with stakeholders to create opportunities for collating and reporting data on provision of mental health services to Aboriginal and Torres Strait Islander peoples. 	Commence 2018 Completed 2021	MHISSC
		 The Commonwealth will facilitate this through existing funding arrangements with the AIHW and will ask AIHW and MHISSC to scope the development of mental health indicator/s in the KPIs for Aboriginal and Torres Strait Islander primary healthcare. 		
Priority Ar	ea 5: Improving the physical health of people living with mental illness and reducing early mor	tality		
14	Governments commit to the elements of Equally Well - The National Consensus Statement for improving the physical health of people living with mental illness in Australia.	 All governments and mental health commissions will embed the elements of Equally Well and take action in their areas of influence to make changes towards improving the physical health of people with mental illness. 	From 2017 following release of Equally Well	All jurisdictions and mental health commissions
		 The NMHC will monitor and report on implementation of the National Consensus Statement across jurisdictions. 		

MHDAPC will seek advice from the Expert Advisory

Implementation Plan

Action	Action description	Roles	Milestone date	Coordination point
19.3	empowering consumers and carers to speak about the impacts of stigma and discrimination	 MHDAPC will seek advice from the Expert Advisory Group about approaches for reducing stigma and discrimination in the health workforce by empowering consumers and carers to speak about the impacts of stigma and discrimination. 	Completed by mid-2018	MHDAPC
20	Governments will ensure that the Peer Workforce Development Guidelines to be developed in Priority Area 8:	Refer to Action 29 for implementation approach.	Refer to Action 29	MHDAPC
	 create role delineations for peer workers that provide opportunities for meaningful contact with consumers and carers and grassroots based advocacy 			
	identify effective anti-stigma interventions with the health workforce.			
Priority Are	ea 7: Making safety and quality central to mental health service delivery			
21	Governments will develop a National Mental Health Safety and Quality Framework to guide delivery of the full range of health and support services required by people living with mental illness. The Framework will describe the national agenda and work program for safety and quality over the next five years, and will include:			
21.1	identifying new and emerging national safety and quality priorities, and updating the 2005 statement of National Safety Priorities in Mental Health	 SQPSC will work with the Australian Commission for Safety and Quality in Health Care (ACSQHC) to update the National Safety Priorities in Mental Health. 	Commence 2018 Completed 2021	SQPSC
21.2	a revised national mental health performance framework to support reporting on performance and quality across all mental health service sectors	MHISSC will revise the National Mental Health Performance Framework in line with:	Commence 2019	MHISSC
		 development of the National Mental Health Safety and Quality Framework. 	Completed 2020	
		 amalgamation of the National Health Performance Framework and Performance and Accountability Framework being undertaken by AHMAC. 		
		 the updated National Standards for Mental Health Services being developed by the Australian Commission on Safety and Quality in Health Care. 		
21.3	a guide for consumers and carers that outlines how they can participate in all aspects of what is undertaken within a mental health service so that their role in	The NMHC will progress the development of a consumer and carer guide.	Commence 2018	SQPSC
	ongoing safety and quality initiatives is strengthened	The NMHC will consult with the NMHCCF and SQPSC on the development of the guide.	Completed 2020	

Action	Action description	Roles	Milestone date	Coordination point
21.4	a process for revising the National Standards for Mental Health Services that accounts for interfaces with other relevant standards such as the National Disability Standards	 SQPSC will work with ACSQHC to develop a suitable process for revising the National Standards for Mental Health Services. 	Commence 2019 Completed 2021	SQPSC
21.5	coverage of all relevant service delivery sectors.	SQPSC will develop an approach to ensuring all relevant service delivery sectors are covered by the Framework.	Commence 2018 Completed 2020	SQPSC
22	 Governments will develop a mental health supplement to the NSQHS Standards (2nd ed.) which will align the NSQHS Standards and the NSMHS. The NSQHS Standards (2nd ed.) and its mental health supplement will guide implementation of the Standards for all mental health services in public and private hospitals and community services provided by local health networks to ensure a single set of standards for these services. The NSMHS will be maintained as the authoritative reference point on quality mental health care for continuing use by those organisations not subject to the NSQHS Standards. 	SQPSC to work with the ACSQHC to develop a mental health supplement to the NSQHS Standards (2nd ed.).	Commence 2019 Completed 2021	SQPSC
23	Governments will implement monitoring of consumer and carer experiences of care, including the Your Experience of Service survey tool, across the specialised and primary care mental health service sectors. Efforts should be made to ensure groups that are historically poorly represented in these surveys such as Aboriginal and Torres Strait Islander peoples are properly represented and that survey tools are appropriately adapted to allow for this.	 MHISSC will lead work with the AIHW to pool consumer and carer experiences of care data nationally, to develop performance indicators of consumer and carer experience, and to report these indicators annually at the lowest level of geography possible. MHISSC will lead the work required to develop a primary care version of the YES survey tool. 	Commence 2018 Completed 2021	MHISSC
24	Governments will develop an updated statement on National Mental Health Information Priorities for information developments over the next ten years.	 MHISSC will develop a 3rd edition of the National Mental Health Information Priorities, in consultation with consumers and carers, service providers, the NMHC, relevant professional organisations, governments, PHN's and other relevant bodies. 	Published by Dec 2018	MHISSC
25	Governments will ensure service delivery systems monitor the safety and quality of their services and make information on service quality performance publicly available.	 Commonwealth-funded services will have safety and quality monitoring and public reporting mechanisms. State and territory-funded services have safety and quality monitoring and public reporting. 	Completed end 2021	SQPSC
26	Governments will improve consistency across jurisdictions in mental health legislation. This will be based on an understanding of their impacts on consumer and carers and consistent with the 1 July 2016 United Nations Human Rights Council Resolution on Mental Health and Human Rights and the 2006 Convention on the Rights of Persons with Disabilities.	 All governments, through SQPSC, will continue to work together to develop effective working relations within existing legislative provisions. 	Commence 2017 and ongoing	MHDAPC

Acronyms

Acronym	Description
ACCHS	Aboriginal Community Controlled Health Services
ACSQHC	Australian Commission on Safety and Quality in Health Care
